IS PREVIOUSLY SPLIT UP

Rush County Divides its Vote Equally
Between All Candidates—
Union Neutral Too

There was no prospect of a decision in the republican district convention here this afternoon at four o'clock after the 19th ballot had been cast.

Robert L. Kelly, one of two Wayne county candidates, dropped out of the race on the second ballot and left the field open to Byram C. Robbins, who did not gain the entire strength of his delegation until the ninth ballot.

Rush county continued to divide its vote equally among all candidates, not counting P. J. Lynch of Newcastle and Walter Bossert of Liberty, who received a few votes but whose names were not formally presented to the convention.

The fact that Robbins did not gain the full vote of his own delegation until after nine ballots militated against his strength in other counties. The only strength he was able to pull outside of Wayne county was from Rush and Union, who were dividing the votes equally.

The ninth ballot was as follows: Hough, 15; Bassett, 19; Bossert, 2; Barnard, 23; Robbins, 36; Elliott, 24.

The eighth ballot: Hough, 14; Bassett, 22; Bossert, 9; Barnard, 23; Robbins, 34; Elliott, 15.

The seventh ballot: Hough, 15; Bassett, 20; Bossert, 7; Barnard, 23; Robbins, 31; Elliott, 23.

The sixth ballot: Hough, 14; Bassett, 21; Bossert, 9; Barnard, 24; Robbins, 28; Elliott, 20.

The fifth ballot: Hough, 15; Bassett, 22; Bossert, 10; Barnard, 24; Robbins, 28; Elliott, 23.

The fourth ballot: Hough, 15; Bassett, 21; Bossert, 10; Barnard, 23; Robbins, 30; Elliott, 20.

The third ballot: Hough, 14; Bassett, 22; Robbins, 28; Barnard, 20; Elliott, 19.

Chairman Bossert called the convention to order and introduced the Rev. C. M. Yocom, who offered a prayer. Judge Will M. Sparks then assumed charge of the convention as temporary chairman. Judge Sparks made a plea for a united party regardless of who received the nomination. He was given a fine reception by the convention especially when he referred to the fact that the entire country is watching the outcome of the election here.

Franklin county presented the name of I. M. Bridgeman for permanent chairman. After a brief address the convention proceeded to business by selecting Edward F. Warfel as permanent secretary. The rules adopted provided for five minute nominating speeches.

On the call for nominations, Judge Raymond S. Springer of Connersville presented the name of Richard

Resolutions Adopted By the Republicans of Sixth District

The Republicans of the sixth congressional district, recognizing the long, distinguished and honorable services of the Hon. Daniel W. Comstock in county, state and nation, and his lofty and sterling character as a man, a citizen, a jurist and a statesman,

Therefore, be it resolved by the republicans of the sixth congressional district in convention assembled, that we mourn the loss by death of the Hon. Daniel W. Comstock, representative in congress from the sixth congressional district, and sincerely regret the loss to the nation as well as to our district and our state of his wise, able and conservative counsel and judgment, in the present crisis, confronting our beloved country.

Whereas, the republican party has from its beginning favored a protective tariff to protect American industries and American labor against the competition of cheap foreign labor, and

Whereas, in 1913 the Underwood tariff bill was passed which greatly reduced the tariff rates and which reduced the revenue as one hundred two million dollars, annually, on increased importations, and resulted in business being paralyzed and in labor being thrown out of employment, and

Whereas, at the time the factories of this country began manufacturing war supplies for Europe, labor was out of employment and many of our industries closed and the war served the purpose temporarily of a protective tariff, and

Whereas, we believe that after the war shall have closed, that under the operation of the Underwood tariff law, business will again be stagnated and labor again thrown out of employment.

Therefore, be it resolved that we favor the restoration of an adequate protective tariff to meet the competition of the unusual and abnormal condition that must follow the war. We favor it at this time for two purposes: To raise revenue and protect our industries and labor.

Our country is now at war. While deprecating that fact, we favor all the preparation that may be necessary for the successful prosecution and early termination thereof. And we are opposed to any peace that shall not sustain the integrity and the honor of OUR COUNTRY.

True to the traditions and principles of the Republican party our representatives from Indiana in both the House and the Senate have displayed their patriotism in their response to and support of every measure that had for its purpose the upholding of the honor, dignity and glory of OUR COUNTRY.

We hereby pledge the voters of the sixth Indiana district that the nominee of this convention, will be guided at all times, in the discharge of his official duties as a member of the national house of representatives, by the traditions and principles of the republican party and will be true to the spirit of these resolutions.

Whereas, our worthy United States Senators, the Hon. Harry S. New and the Hon. James E. Watson have met their obligations fearlessly, in the performance of their official duties, therefore be it resolved that we, the republicans of the sixth congressional district of Indiana do heartily endorse all their actions as such officers.

Be it further resolved that the Eagle shall be the emblem of the Republican party.

Elliott, Fayette's candidate. Hancock county presented the name of William Hough. Rousing demonstrations greeted the presentation of the various candidates.

Henry county placed in nomination George Barnard. Prior to the convention there was some doubt about Barnard being a candidate, although he had frequently been mentioned as a possible "dark horse."

Shelby county made a strong plea for Elmer Bassett. Shelby county's demonstration following the placing of Bassett's name before the convention was the greatest of any. A parade was started around the coliseum and the cheering for Bassett continued for several minutes.

W. W. Reller of Richmond placed the name of Byram R. Robbins of Wayne county and Frank C. Roberts nominated Robert L. Kelly, president of Earlham college, an active candidate for several days.

The result of the first ballot follows: Elliott, 18½; Barnard, 21½; Kelly, 20 5/6; Bassett, 21½; Hough, 15; Robbins, 19 5/6; Lynch, 2.

The vote follows: Franklin—Hough, 1; Bassett, 1; Robbins, 1; Barnard, 1; Elliott, 3.

Fayette—Elliott, 12.

Henry—Kelly, 2; Barnard, 18;

Lynch, 2.

Hancock—Hough, 11.

Shelby—Bassett, 16.

The "Boys" Were All Here Today

The "boys" were all here from all over the district last night and today confabbing about convention possibilities. It seemed like old times in the sixth district politics before the primary system of nomination came into vogue.

After hundreds of republicans debated the situation pro and con in the lobby of the Windsor hotel last night, it was "unanimously" decided about midnight that no one could be nominated until after the convention opened.

W. H. Blodgett, many years correspondent of the Indianapolis News, who knows from experience the kind of politics that the sixth district produces, arrived yesterday evening from Cambridge City where he witnessed the nomination of Henry Gray. Although well along in years, Blodgett is just recovering from an attack of measles and does not feel the best in the world. Mrs. Blodgett is here with the correspondent.

The republican press of the district was well represented at the convention today as well as at the preliminaries last night. George El-

WOMEN WILL HELP IN CONSERVATION

Committee Representing Every Township Will Meet Tomorrow At Three O'clock

CAMPAIGN IS BEING PLANNED

Demonstrators Will be Brought Here to Show Women Processes of Drying and Canning

The aid of Rush county women in the food conservation movement is sought and a county committee has been appointed, with one member from each township, excepting Rushville township which has six members. The new committee will meet in the assembly room of the court house tomorrow afternoon at three o'clock.

It is hoped that with the aid of the women's committee all of the fruit and vegetables raised in the county and not consumed during the summer, can be preserved. Canning classes will be organized all over the county by the committee, drying processes will be worked out and demonstrators will be brought here to show the women of the county how to put up vegetables, a process that is not understood thoroughly.

Rush county was about the only "neutral" delegation in the whole outfit. Prospects last night were that there would be so many candidates Rush county's fifteen votes would not go around.

Fayette and Shelby counties were the only ones making any concerted demonstration for their candidates. Shortly before ten o'clock today a string of enthusiastic boosters from Shelbyville, headed by a band, rolled into Rushville shouting for Elmer Bassett and wearing Bassett badges.

The strains of the Shelbyville band's music had hardly died away before the Connersville delegation, which "out-banded" Shelbyville in noise and numbers, came in whooping up for Richard Elliott. Fayette county's candidate. The Arlington band was employed by the local committee to provide music for the day.

Up until noon no indications were seen of Wayne county uniting on one candidate. There was a fight in every precinct convention and every delegate came down here instructed for some Wayne county man. The delegates for Byram C. Robbins were asserting last night that they would have a solid delegation, but they found out differently on the count of noses.

In a caucus last night, the Wayne county leaders discovered two delegates who were unalterably for Dr. Robert L. Kelly, president of Earlham college, an active candidate for several days. All prospects of winning these two delegates for Robbins disappeared when Dr. Kelly announced that he was in the race to stay until the finish.

To their consternation, the Robbins men in the Wayne county delegation last night suddenly discovered that there were four delegates for Walter Bossert of Liberty, the district chairman. It then became known that Bossert's brother-in-law, Dr. Squires of Liberty, had been quietly working in western Wayne county and had lined up four delegates while the other fellows were not watching.

The Wayne county Robbins men were reported to have asked Lew Bowman, the county chairman, to use his influence to line up those opposed to Robbins, but he refused, which started a story that there was a movement on foot to throw the support of the Wayne county delegation to Bowman. This Mr. Bowman is said to have denied.

With the Wayne county delegation hopelessly split, the chances were slim for a Wayne county man to be elected.

PLANS BEING MADE FOR 3 YEARS OF WAR

Hope of Allied Victory This Year Has Gone, Government Officials Frankly Admit

RUSSIAN UPHEAVAL A JOLT

There is Feeling of Relief That America is Permitted to Face The Cold Facts

By J. P. YODER
(Written for United Press.)

Washington, June 8.—Hope of an allied victory in 1917 has gone, according to best informed government officials. The frank admission was made today that American plans are being made upon the probability of at least three years of war. The admission of the foremost British military critics made within the last few days that the entire plans of the allied offensive have been completely upset by the Russian upheaval, has given Washington a jolt. In some quarters it has developed the most intense pessimism.

In others, especially among some members of the council of national defense, there is a feeling of relief that the faction has given way to frankness and that the American nation has at last been permitted to face the fact that the success or failure of the allied cause is squarely up to the United States.

Russia is out of the military plans for a year at least, more probably for good.

France has reached the high point of her efficiency and can be counted to do nothing more than hold her own. England is still on the up-grade from a military viewpoint but has almost reached her high point and economically is on the down grade.

Granting, as seems probable, that Germany is in an equally serious position, neither side has the strength to deliver a knock-out. In the opinion of British and French military experts the final blow to bring victory must come from America—if it comes at all.

RED CROSS "TAGS" VISITORS HERE TODAY

Expects to Realize Large Sum of Money to Advance Work—County Best Organized in State

LEARNS FACT AT CONFERENCE

Taking advantage of the crowd which was here for the republican district convention today, the Red Cross held a tag day and expected to realize a large sum for the Rush County chapter's work. Girls were on the streets early and tagged everybody in sight until they were driven to cover by rain. The tags said: "I Have Helped the Red Cross. Have you?"

E. B. Thomas, chairman of the local chapter, who attended a conference of Red Cross chairmen and other workers from all over the state in Indianapolis yesterday afternoon at four o'clock, found, much to his delight, that Rush county was better organized than any other county in the state. It was stated that though this was the case, the Rush county chapter could not adequately one bit its efforts to continue and enlarge the organization in the county. Meetings will be held next week at Gowdy and New Salem and probably at Plum Creek.

Yesterday evening Mr. Thomas attended a conference regarding the Red Cross war relief campaign to be conducted the week of June 18—25. The conference was held at the home of Eli Lilly.

AUSTRIANS OFFERS A SEPARATE PEACE

Report Reaches Petrograd Delegation Urges Conference With Workers and Soldiers.

THEIR ARREST IS ORDERED

Petrograd, June 8.—Formal proposal for a separate peace has been submitted by the Austrian general, Rohr. He authorized a delegation from each Austrian position on the front to enter the Russian lines and propose such a compact, it was reported here today. Simultaneously news was received of a delegation of Austrians, including two generals, urging conference with the workmen's and soldiers' council. They were accompanied by a delegation of Russian soldiers. Orders were issued for their arrest.

Jim Davis of Liberty, John Poundstone and R. G. Leeds of Richmond were entertained at Fon Riggs' home last night. They didn't

**WARNING ABOUT
WATER HEMLOCK**

Agriculture Department Calls Attention to the Danger of This Poisonous Plant

IT IS WIDELY DISTRIBUTED

Resembles Number of Harmless Plants and Is Not Easily Distinguished From Them

Washington, D. C. June 8—Many deaths, both of human beings and domestic animals, are caused every year by cicutia, or water hemlock, a poisonous plant. It is the most violently poisonous of temperate region plants, yet it is not generally recognized. Learn to know it and look out for it. A warning has just been issued by specialists of the U. S. Department of Agriculture in the form of a circular from the Bureau of Animal Industry, "Cicutia (Water Hemlock) as a Poisonous Plant," which describes this plant and gives remedies, though cases among domestic animals must be considered as practically hopeless so far as treatment is concerned.

Cicutia is widely distributed. Unfortunately, it resembles a number of harmless plants and is not easily recognizable. It belongs to the same family as carrots and parsnips. It has a number of popular names, of which the most common is "cowbane," or "water hemlock." In the mountain regions of the West it is frequently called "parsnip" or "wild

Frank E. Wolcott and other reliable

There is still time in this section (marked Zone C on the Department's zone planting map for vegetables) to grow vegetables, say specialists of the U. S. Department of Agriculture, but no time should be lost. If you have not already done so, plow your garden at once and get the crops in at the earliest possible moment.

It is too late to make successive plantings of peas, but it is worth while to chance one planting yet. If space is limited select the crops the members of your family like best. Grow as many things as possible for winter use. Such vegetables as potatoes, sweet potatoes, onions, cabbage, carrots, and beets may be kept in their natural state for winter use, and should be included, therefore, in the garden.

There is yet time to grow any of

the following: Beans, both lima and string, beets, Brussels sprouts, cabbage (from plants), carrots, corn, cucumber, eggplant (from plants), lettuce, melons, okra, parsley, parsnips, peas, peppers (from plants), sweet and white potatoes, radishes, salsify, squash, and tomatoes (from plants).

There is of course, considerable variation in their region for which this advice is given. Certain planting activities may be performed in the southern portion of the region a week or so before similar activities should be gotten under way 50 or 100 miles farther north. The advice is based on the average date of the last killing frost in the section and the variations in weather conditions from year to year also may influence planting periods.

DID YOU EVER SEE A CAT STRIKE?

Sleepy old cat lying by a rat hole. Lazy, half asleep—then, biff!

Say, if you could strike as quick and hard as that you could make Jess Willard look sick! Why don't you let your tired body muscles sleep until the right moment—and then—biff! It's all in being able to relax.

One of the greatest aids ever given to man for soothing, tired muscles, overworked muscles, is Speedway Liniment. It goes right in through the skin and relieves those sore, overworked ligaments. It's soothing—restful—and wonderfully upbuilding. Trouble with most people is that there are too many little biffs, little throbs, little aches that we don't take care of and soon the muscles lose their pep and comeback. Try Speedway Liniment. Put it on full strength with a good, brisk rub. It does not blister—nor stain—nor injure the most delicate fabric. Pleasant to use as toilet water. Relieves neuralgia, rheumatism, sprains, bruises, soreness anywhere. In 25c, 50c and \$1.00 sizes at Hargrove & Mullin and F. B. Johnson & Co. Just try it.—(Adv.)

PERSHING AND HIS STAFF IN ENGLAND

Commander of First American Expeditionary Force Expects to Play Part in War Soon

FORMAL WELCOME EXTENDED

Voyage From America is Uneventful One—Destroyers Convoy Vessel All The Way

By FRANK GETTY
(U. P. Staff Correspondent.)

A British Port, June 8.—Major General John J. Pershing, commander of the first American expeditionary force to France, arrived in England today, accompanied by his staff.

"We expect soon to be playing our part—and I hope it will be a very large part—on the western front," said Pershing.

Pershing and his staff worked hard all the way across preparing plans for their work in France.

Included in the Pershing party were engineers and nurses. Distinguished British army and navy officers met them here and extended formal welcome.

The voyage from America was an uneventful one. American destroyers convoyed the ship all the way. They were joined by a flotilla of British destroyers one hundred miles off the Irish coast.

198 MEN ON STAFF

(By United Press.)

Washington, June 8.—General Pershing's staff, reported to have reached England today, consisted of 198 men—fifty-three of whom were army officers. Pershing will probably consult with British officials for a time before leaving for France.

President Wilson Nominates Col. E. F. Glenn at Ft. Harrison to be Brigadier-General.

NEWCASTLE MAN IN THE LIST

(By United Press.)

Washington, June 8.—The long expected army and navy promotions to supply officers for America's increasing fighting forces were recommended by President Wilson to the senate today.

The president nominated Col. Edwin F. Glenn, commander of the officers reserve training camp at Fort Benjamin Harrison for promotion to brigadier-general. Among seventeen other colonels made brigadier-generals was Omer Bundy of Newcastle, Ind. He is now adjutant-general of the southern department stationed at Ft. Sam Houston, Texas. He will probably go to France with the expeditions.

Diet, Exercise or Death!

An eminent medical authority writes that most of our city folks die of a thickening of the arteries or of kidney disease. The kidneys become clogged and do not filter the poisons from the blood, and one trouble follows another, high blood pressure damages the heart, arteries and kidneys. Usually its danger signals are backache, pain here or there, swollen feet or ankles, rheumatic pains, or spots appearing before the eyes.

"The very best remedy is this: Eat meat but once a day or not at all. Plenty of outdoor exercise, and drink pure water frequently. Before meals take a little Anuric, the great uric acid neutralizer that is easily obtained at the drug store. When you have dizziness, chills or sweating, worry, or dragging pains in back, try this wonderful enemy to uric acid, which Dr. Pierce of Buffalo, N. Y., discovered and named Anuric. Anuric, more potent than lithium, dissolves uric acid as hot water does sugar."

It Pays in War Time Too

If there were any "doubting Thomases" on the subject of newspaper advertising in Chicago up until a few weeks ago, they have all been killed off. As a result, it was put to a test in Chicago recently in a Red Cross campaign for new members and just doubled what it was expected to do.

William H. Rankin, president of the William H. Rankin company, advertising agency, who was chosen general chairman of the campaign, told the wonderful story at the annual convention of the Associated Advertising Clubs of the World at St. Louis this week.

Thirty-five full pages of newspaper space were used to help secure Red Cross memberships. The goal—150,000 members in thirty days. The result—through advertising, over 300,000 members, and the returns not yet all in.

Chicago was the first city in this country to have 17,000 members of the Red Cross. The initial try-out campaign to set the pace for other large cities was conducted just one year ago. It was a big success.

Other cities patterned their campaigns after Chicago's initial try-out and the results were gratifying.

President Wilson, who is also President of the Red Cross, decided that instead of 300,000 the Red Cross should have a million members. Chicago was again selected as a test to set the pace for the rest of the country.

Backed by the Association of Commerce, a Citizens Committee of 325 members. The Women's Club, the Advertising Club of Chicago, the western Advertising Agencies Association, the Clergymen of Chicago, the Executive Committee of the Chicago Chapter of the Red Cross—Messrs. James Simpson of Marshall Field & Co., A. A. Sprague H. Marquis Eaton, Chairman of the Chicago Chapter of the Red Cross, and ably assisted in the handling of the campaign by Walter D. Moody, Campaign Manager and Charles H. Wacker, Chairman of the Citizens

Committee—and thirty-five full pages in the Chicago Newspapers—the result was 81,000 in nine days, 150,000 in two weeks, 200,000 in 21 days and over 300,000 members (more than the rest of the United States, January 1st) for the Chicago Chapter of the Red Cross.

All the country is now looking upon Chicago as the World's Greatest Red Cross City.

Garden Season Beginning

The garden planting season is just beginning in spite of the fact that the early spring crops have matured and other crops have been planted. As the rains of the past week have put the ground in good condition to plow the garden acreage for staple vegetables can be greatly increased says G. I. Christie, state food director.

Corn and string beans the most reliable garden crops have still a long season before them and late potatoes, sweet potatoes, cabbage, navy beans, squashes, tomatoes, peppers, egg plants and other crops are just now ready to plant, or will be ready this month.

Large varieties of sweet corn such as Evergreen and Country Gentleman can be planted now and early varieties such as Golden Bantam and Early Minnesota, June 15 and even as late as July 1 so that there will be a constant supply of corn in late summer and early autumn.

String beans are very easy to grow and do not require a very rich soil to produce a crop. They can be planted as late as June 15. Sweet corn can be dried and corn and string beans can be canned easily. As they are heavy producers and very nutritious a big drive on these crops will add much to the winter food supply.

Late potatoes are best planted June 15 to 20 according to the Purdue Horticultural Department. If the planting is late the tubers will not begin to form until the cooler weather and rains of the autumn make conditions more favorable to potatoes.

Sweet potatoes will produce good crops of excellent food on light sandy soils and grow best in hot dry weather that is hardest on common white potatoes. The plants which can be purchased of many market gardeners, should be set out the first of June or a little later.

Navy beans can be planted after July 1 between rows of early sweet corn or potatoes or on land that has grown an early crop such as lettuces, radishes or peas. Late planting is an advantage with this crop as the danger from insects and disease is reduced considerably. Navy beans will produce crops on any ordinary garden soil.

Egg plants, peppers, late cabbage and tomatoes should all be set out soon. Squashes can be grown in corn fields between the stalks as they will stand shading. In small gardens it is best to plant the dwarf or bush varieties that do not produce long vines.

Potash Possibilities

Discussing the use of potash in America a German professor declares: "It is in Germany's power to dictate which of the nations shall have plenty of food and which shall starve." Bosh! Walter Kutzleb assures us that by proper co-ordination of effort this country can produce 2,000,000 tons of potash annually which could be sold to American farmers at \$15 a ton. The trouble with us has been that we could get this product so cheaply from Germany that we neglected to develop our own power of production of potash. We should give Germany a taste of her own medicine after the war, and put such a rate of duty on potash that it will keep the German product out and encourage the home production.

Repatriate Them

Congressman John J. Rogers of Massachusetts has presented a bill to the House that will appeal to the justice of Members, and very likely pass in the near future. It provides that if an American citizen has taken an oath of allegiance to one of the Allies since the beginning of the war in Europe, in order that he may enter the army of that country, he shall not be considered as having expatriated himself. There are thousands of such cases and now that the United States is at war those men are fighting our battles as well as those of the country with which they are serving.

TRY THIS TO BANISH ALL RHEUMATIC PAINS

People who have been tormented for years, even so crippled that they were unable to help themselves—have been brought back to robust health through the mighty power of Rheuma.

Rheuma acts with speed; it brings in a few days the relief you have prayed for. It antagonizes the poisons that cause agony and pain in the joints and muscles, and quickly the torturing soreness completely disappears.

It is a harmless remedy, but sure

and certain, because it is one discovery that has forced rheumatism and sciatica to yield and disappear.

If you want relief, swift, gratifying

relief, get a 50-cent bottle of Rheuma from any druggist, and take one-half teaspoonful once a day.

Genuine Rheuma, with guarantee of a cure or money refunded, is sold by

Reports of Tennis Star's Return to Form Indicates He May go After Championship

MAY NOT AGREE WITH HIM

Seems Impossible to Most of Them That he Can be as Good as Formerly

By H. C. HAMILTON
(U. P. Staff Correspondent.)

New York, June 7.—From the Pacific Coast comes the news that Maurice McLoughlin, the red-headed comet of tennis, is on his way back to new fame. Picking out a doubles contest in which McLoughlin, with some help from Willis Davis, downed William M. Johnston and Wallace Strachan, the coast fans have been praising the former unbeatable champion until their throats ache.

Reports of Mac's return to form must be taken with something of a grain of salt. His feat in winning almost single handed, the doubles match spoken of doesn't mean an awful lot. He virtually performed the same thing a year ago at Forest Hills here, but failed when he started against the stars in the singles contest.

McLoughlin was so good in the best days of his career and is so different now that a comparison between the two is something almost impossible. When a fan sees Mac streak along for a short time with his fierce drives and speedy return shots from unbelievable angles he immediately loses all control of his emotion and pronounces McLoughlin on the way back.

There isn't a tennis fan in the United States who wouldn't like to see McLoughlin's sorrel tresses again adorned with the national crown. There never was a more popular athlete in any branch of sport than the red-headed tennis streak. But to say that McLoughlin has reached the heights he once attained probably is overdoing it. It is hard to believe he has accomplished what he failed in doing a year ago after making such a brilliant showing in doubles play.

Undoubtedly the praise he has received and the satisfaction he must have gained in being able to down a former national champion in Johnston will be a most impelling thing in sending Mac to try his hand at the game next fall on the Forest Hills courts. He can't win a championship this year, for there will be no such thing, but he can find out if he is ready.

BAD BACK TODAY

Backache is usually kidney-ache and makes you dull, nervous and tired. Use Doan's Kidney Pills for weak kidneys—the remedy recommended by your friends and neighbors.

Mrs. Will Wolf, 1021 N. Oliver St., Rushville, says: "I was having quite a bit of trouble with my kidneys. My back was weak and ached all the time. The kidney secretions were too frequent in passage and I had headaches and dizzy spells. As others of my family had used Doan's Kidney Pills with good success, I got some at Pitman & Wilson's Drug Store. After finishing a few boxes, I was cured and I haven't had any trouble since."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that cured Mrs. Wolf. Foster-Milburn Co., Props., Buffalo, N. Y. (Adv.)

WARNS AGAINST IDEA OF DRAFT

Council of Defense Says Where There is Liability to Service, No Distinction is Possible

SELECTIVE DRAFT JUSTICE

State Council of California Issues Warning to the Itinerant Beggar—He Must Work

Indianapolis, June 8.—Chairman Will H. Hays, of the State Council of Defense said today.

"We must get away from the impression which obtains in a few places in this country, that the selective conscription implies a none too honorable 'draft,' such as obtained during the closing days of the civil war. Where the liability to service is universal, there can be no such distinction. Rather let us make it clear that with this selective draft we have laid the foundation of everlasting justice and righteous equality in the obligation of citizenship.

"In everything let us preach patriotism. What we need in this country is a new baptism of old time patriotism and we will have it."

In further conserving the resources of the state, the State Council of Defense for California has issued a manifesto against the itinerant beggar. Declaring there is plenty of work for every able-bodied citizen of the state, the California Council says further:

"Housewives and every loyal American citizen can give immeasurable aid in eliminating this class of chronic, idling loafer, by using keen, relentless judgment and decision in giving food or alms. Every applicant for food or alms should be required to give an honest return in work for what he receives. In almost every case where a man professes to be unable to secure work, he can readily find out where work is obtained by application to the police or city marshal or public officials. In cases where food is given in return for work, discretion also should be used in order to prevent a condition where ordinarily willing workers might be encouraged to live in semi-idleness."

Vagrancy laws should be enforced rigorously in Indiana during the continuance of the war, both for the sake of correctly applying food and human energy and for discouraging

the practice when the war is over.

June 10-16 is Marine Corps week. The Commandant, General George Barnett hopes during the week to secure 4,000 recruits, which will bring this branch of the service up to its full quota, for immediate active service. The Marine Corps are the fighting soldiers of the navy and they hold a proud place in the country's history. Indiana is expected to furnish her proportion as she did her army recruits, among the first of the states.

More than a week remains in which subscriptions will be taken for Liberty Bonds, the best investment on the American market today.

LIQUOR LAW IS
NOW ENFORCED

Saloon Men in Indianapolis Are Apparently Not Seeking Trouble With Government

STAND MEN WERE HARD HIT

Col. Glenn Determined There Shall Be No Intoxicating Liquors At Fort

Pt. Benjamin Harrison, Ind., June 8—If there is any one order enforced more strictly than another at the officers reserve training camp here it is the rule issued by Col. E. F. Glenn, commander of the camp, at the opening of the course prohibiting the use of intoxicating liquor on the reservation.

For a few days after the camp opened, there were some men who conducted stands outside the reservation grounds who tried to dispose of intoxicating beverages to the soldiers. But they merely killed their own game for Col. Glenn issued instructions that no man in training should patronize the stands and placed guards around the booths to see this order was enforced. Thus those operating the stands learned there was a difference between military rule and civilian law.

Saloonkeepers in Indianapolis were careless about the sale of liquor to men in uniform the first week. During their leave of absence to Indianapolis, the men could frequent cafes and bar rooms without restriction. Not many of them did but, as far as the attitude of the saloon keepers was concerned, they could.

Military law again took a hand. L. Ert Slack, United States District attorney, following conferences with officers in charge at Ft. Harrison, issued a statement declaring any saloonkeepers who sold intoxicating liquor to a man in uniform, would be punished to the full extent of the law recently passed by congress forbidding such practice.

Now there are signs over every bar reading:

"If you wear a uniform, don't ask for intoxicating liquor. You will be refused."

As a result when half holidays are declared at the fort and the men are allowed to go to Indianapolis, although there are about 5,000 men wearing uniforms in the city, not one can be found in a saloon—unless he happens to go with a party of civilian friends. And then a soldier orders a "soft" drink.

London, June 8—Two more famous British golfers have made their sacrifices for the Allied cause. David Watt, holder of the Scottish professional championship, died in a London hospital following the amputation of a leg, which was shattered by shrapnel at Vimy Ridge. Frank Carr, the English amateur internationalist, is reported missing.

Mr. and Mrs. John Clifton were in Indianapolis last Saturday.

Mr. and Mrs. Elmer Wynn and family motored to Indianapolis Sunday.

The Rev. Mr. Lovell will preach at the Ben Davis Creek church Sunday.

William Morris and family visited Mrs. Morris's sister in Knightstown Sunday.

The Rev. Mr. Sullivan of Indianapolis will preach at Ben Davis Sunday June 24 instead of June 10 as previously announced.

Charles Mauzy is building a new residence.

Mr. and Mrs. J. W. Peters were visitors in Corynsville last Tuesday.

W. B. Morris, Tom Bishop and Marshall Hinchman shipped hogs to the Indianapolis market last Wednesday.

Mr. and Mrs. J. W. Peters visited Mr. and Mrs. Charles Arnold in Arlington one day last week.

Tom Bishop and W. B. Morris made a business trip to Indianapolis Thursday.

As an automobile purchaser you are interested in just six things: Appearance, Reputation, Durability, Performance, Service, Price.

APPEARANCE
The Oldsmobile Eight is as neat and trim as a deer. It is distinctive in trim and line, it attracts attention everywhere. Its 17-coat luster finish, beautiful trim and luxurious upholstery make it a car you will be proud to own.

REPUTATION
The name "Oldsmobile" in itself is a guarantee. The car is built by a factory organization of trained men, many of them nineteen years in Oldsmobile service, who have a knowledge only of the construction of a high-grade car. By reason of increased production and the elimination of well known high-grade automobiles are created daily under the same rigorous standards and inspection which have always been associated with the name "Oldsmobile." Where else, indeed, would one look for a car enjoying the continuous favorable reputation accorded the Oldsmobile?

DURABILITY
The same high standard of material and workmanship exacted through all these years of quality building enter into the Oldsmobile Eight. Oldsmobile

reputation is a veritable bond to you for honest product and durability. Its prestige is built on years of creditable road operation.

PERFORMANCE
Remarkable flexibility, fascinating smoothness of overlapping power impulses, abundance of reserve power, rapid acceleration from snail's pace to limited speed, freedom from vibration—all characteristic eight-cylinder construction—are perfected to highest degree. The car is built to insure a combination of the resiliency of the springs and Marshall cushion comfort upholstery contribute riding qualities unknown in cars of the same price class.

SERVICE
A twelve months' guarantee is back of each Oldsmobile. Service stations will be found everywhere. The accessibility of the eight-cylinder motor enables quick access to working parts and at a minimum expense. Likewise all mechanical units are readily gettable.

PRICE
Not several thousands or some other prohibitive amount, as demanded for most cars of its quality class, but simply \$1367.00 f. o. b. Lansing.

CONSCRIPTION TO BE THE NEXT STEP VOTES FOR JOHNSON

Because of Uncertainty About Steps to be Taken, Whatever is Said is Naturally Speculative

HOW MANY WILL ENTER ARMY?

Estimated Two-Thirds of Those Registered Will be Exempted For One Reason or the Other

The next step in connection with the war preparations, now that the military registration in Rush county has been completed, will be the choosing from the 1,460 men eligible a sufficient number to fill whatever quota the government decides this county must furnish.

The registration board has received numerous queries as to when the conscription is to take place, where it will take place and how it will be operated. It is impossible at this time to give definite answer to these questions, as the government has not yet announced the rules to govern conscription.

With this uncertain condition regarding the action of the government, anything said regarding the conscription law is necessarily speculative. How many of the 1,460 men registered in this county will have to enter the army service is merely guess work. It has been estimated that two-thirds of those registered will be exempted for one cause or another. All who are physically defective will be eliminated, of course, and there will be many eliminations because of dependents. It is thought that "conscientious objectors" will be left out and it is generally believed many of those engaged in agricultural pursuits will be excused. In this county the number of "conscientious objectors" is very small.

Definite announcement for the war department regarding the draft is expected soon. Out of the 10,000,000 men to register now fewer than 1,500,000 and possibly as many as 2,000,000 men will be chosen under the selective draft as the next greatest step towards the formation of the army.

It is generally understood that the first application of the selective draft will be made during the month of July and presumably early during the month. Local influences in the drawing for service will be eliminated as far as possible. The object in drawing as many as 2,000,000 men will be to make provision for exemptions. The government has a fair idea as to what percentage of

"TIZ" FOR SORE, TIRED FEET—AH!

"Tiz" is grand for aching, swollen tender, calloused feet or corns.

Ah! what relief. No more tired feet; no more burning feet; no more swollen, aching, tender, sweaty feet. No more sores in corns, callouses, bunions.

No matter what ails your feet or what under the sun you've tried without getting relief, just use "Tiz." "Tiz" is the only remedy that draws out all the poisonous excretions which puff up the feet. "Tiz" cures your foot trouble so you'll never limp or draw up your face in pain. Your shoes won't seem tight and your feet will never hurt or get sore and swollen. Think of it, no more foot misery, no more agony from corns, callouses or bunions.

Get a 25-cent box at any drug store or department store and get instant relief. Wear smaller shoes. Just once try "Tiz." Get a whole year's foot comfort for only 25 cents. Think of it.

RUSH CASTS FOUR VOTES FOR JOHNSON

Only Ones Received by Wayne County Man in Democratic Convention From Local Delegation

NOT SOLID FOR FINLY GRAY

Federmann of Brookville and Bertsch of Cambridge City Got One Each and Gray Seven

The four votes that Henry U. Johnson of Richmond received yesterday at the democratic district convention in Cambridge City were cast by the Rush county delegation. The local delegation gave Finly Gray, the nominee, seven votes; Federmann, 1 and Bertsch 1.

The six votes cast against Gray reflect the sentiment in the county against Gray. It was a known fact that before the first ballot was taken that Gray would receive the nomination and some members of the local delegation declared many times before the convention convened that they would never vote for Gray.

The effort to stampede the convention for Johnson failed after he made a statement thanking the delegates for the consideration and declaring he did not want the nomination. Following Johnson's address as permanent chairman, the convention took up the call for Johnson. After each name was placed in nomination the calls for Johnson continued, and it was then that he made the statement declining to accept the nomination. It is believed he would have been nominated had he but said the word.

For a time it was doubtful if Gray would receive the support of a majority of the Rush county delegation but after the preliminaries the seven delegates showed they were for Gray first last and all the time.

Johnson in his address to the convention made several statements that local democrats thought peculiar in the face of the selection of Gray as the nominee. Johnson declared that the nominee should be a man favoring conscription; a man strong for preparedness and a man who would stand by the president in every way.

These statements are heard to reconcile with Gray, it is pointed out since he voted against conscription and has been one of the most ardent pacifists in congress.

The resolutions as introduced by M. P. Hubbard, Brookville, chairman of the committee, and adopted by the convention, mourn the death of D. W. Comstock and express regret of the loss to the state, nation and district.

The resolutions then reaffirm the republican belief in the protective tariff, and urged the passage of a protective tariff bill as a need of the country following the war. Owen L. Carr was the Rush county member of the committee.

Miss Betsy Edwards of Shelbyville, chairman of the Sixth district Woman's Franchise league, appeared before the resolution committee in an effort to have a suffrage plank inserted in the platform. No separate plank was inserted. This was not considered necessary as the resolutions reaffirmed the republican belief on this question.

men will be exempted by reason of physical disabilities, and it is able to make a rough estimate of the number who will be exempted by reason of dependent relatives.

PROSPECTS WERE FINE FOR A "DARK HORSE"

ing nominated though there were many delegates who clung to the priority claim of Wayne county because the late Congressman Comstock was a Wayne county man and served only six weeks of his term of two years. But no one outside of Wayne county felt duty bound to support a Wayne county man since the delegation itself was not agreed on any man.

The Fayette county delegation was reported solid for Elliott and there wasn't much doubt but that Elmer Bassett would receive the solid vote of his delegation. Will Hough had a solid delegation behind him from Hancock county.

Would Like to Have Volunteers to Copy Registration Cards

The county conscription board is short of help and could use a few girls who are willing to devote a little time for a patriotic cause. The 1,460 registration cards all have to be copied in duplicate and this is the work for which Clerk Moore is asking for help. As the registration board is responsible for the cards the clerk would rather they would not be taken from the office and if anyone desires to help copy the cards they are asked to come to the clerk's office where room will be provided.

Republicans Throng City For District Convention

DECISION IS A DRAW ON NINETEENTH

No Prospect of Nomination at Republican District Convention With 19 Ballots Cast

KELLY GETS OUT OF RACE

Leaves Field in Wayne County to Robbins Who Gets Solid Vote On The Ninth

IS PREVIOUSLY SPLIT UP

Rush County Divides its Vote Equally Between All Candidates—Union Neutral Too

There was no prospect of a decision in the republican district convention here this afternoon at four o'clock after the 19th ballot had been cast.

Robert L. Kelly, one of two Wayne county candidates, dropped out of the race on the second ballot and left the field open to Byram C. Robbins, who did not gain the entire strength of his delegation until the ninth ballot.

Rush county continued to divide its vote equally among all candidates, not counting P. J. Lynch of Newcastle and Walter Bossert of Liberty, who received a few votes but whose names were not formally presented to the convention.

The fact that Robbins did not gain the full vote of his own delegation until after nine ballots militated against his strength in other counties. The only strength he was able to pull outside of Wayne county was from Rush and Union, who were dividing the votes equally.

The ninth ballot was as follows: Hough, 15; Bassett, 19; Bossert, 2; Barnard, 23; Robbins, 36; Elliott, 24.

The eighth ballot: Hough, 14; Bassett, 22; Bossert, 9; Barnard, 23; Robbins, 34; Elliott, 15.

The seventh ballot: Hough, 15; Bassett, 20; Bossert, 7; Barnard, 23; Robbins, 31; Elliott, 23.

The sixth ballot: Hough, 14; Bassett, 21; Bossert, 9; Barnard, 24; Robbins, 28; Elliott, 22.

The fifth ballot: Hough, 15; Bassett, 22; Bossert, 10; Barnard, 24; Robbins, 28; Elliott.

The fourth ballot: Hough, 15; Bassett, 21; Bossert, 10; Barnard, 23; Robbins, 30; Elliott, 20.

The third ballot: Hough, 14; Bassett, 22; Robbins, 28; Barnard, 20; Elliott, 19.

Chairman Bossert called the convention to order and introduced the Rev. C. M. Yocom, who offered a prayer. Judge Will M. Sparks then assumed charge of the convention as temporary chairman. Judge Sparks made a plea for a united party regardless of who received the nomination. He was given a fine reception by the convention especially when he referred to the fact that the entire country is watching the outcome of the election here.

Franklin county presented the name of I. M. Bridgeman for permanent chairman. After a brief address the convention proceeded to business by selecting Edward F. Wardel as permanent secretary. The rules adopted provided for five minute nominating speeches.

On the call for nominations, Judge Raymond S. Springer of Connersville presented the name of Richard

Resolutions Adopted By the Republicans of Sixth District

The Republicans of the sixth congressional district, recognizing the long, distinguished and honorable services of the Hon. Daniel W. Comstock in county, state and nation, and his lofty and sterling character as a man, a citizen, a jurist and a statesman,

Therefore, be it resolved by the republicans of the sixth congressional district in convention assembled, that we mourn the loss by death of the Hon. Daniel W. Comstock, representative in congress from the sixth congressional district, and sincerely regret the loss to the nation as well as to our district and our state of his wise, able and conservative counsel and judgment, in the present crisis, confronting our beloved country.

Whereas, the republican party has from its beginning favored a protective tariff to protect American industries and American labor against the competition of cheap foreign labor, and

Whereas, in 1913 the Underwood tariff bill was passed which greatly reduced the tariff rates and which reduced the revenue one hundred two million dollars, annually, on increased importations, and resulted in business being paralyzed and in labor being thrown out of employment, and

Whereas, at the time the factories of this country began manufacturing war supplies for Europe, labor was out of employment and many of our industries closed and the war served the purpose temporarily of a protective tariff, and

Whereas, we believe that after the war shall have closed, that under the operation of the Underwood tariff law, business will again be stagnated and labor again thrown out of employment.

Therefore, be it resolved that we favor the restoration of an adequate protective tariff to meet the competition of the unusual and abnormal condition that must follow the war. We favor it at this time for two purposes: To raise revenue and protect our industries and labor.

Our country is now at war. While deprecating that fact, we favor all the preparation that may be necessary for the successful prosecution and early termination thereof. And we are opposed to any peace that shall not sustain the integrity and the honor of OUR COUNTRY.

True to the traditions and principles of the Republican party our representatives from Indiana in both the House and the Senate have displayed their patriotism in their response to and support of every measure that had for its purpose the upholding of the honor, dignity and glory of OUR COUNTRY.

We hereby pledge the voters of the sixth Indiana district that the nominee of this convention will be guided at all times, in the discharge of his official duties as a member of the national house of representatives, by the traditions and principles of the republican party and will be true to the spirit of these resolutions.

Whereas, our worthy United States Senators, the Hon. Harry S. New and the Hon. James E. Watson have met their obligations fearlessly, in the performance of their official duties, therefore be it resolved that we, the republicans of the sixth congressional district of Indiana do heartily endorse all their actions as such officers.

Be it further resolved that the Eagle shall be the emblem of the Republican party.

Elliott, Fayette's candidate. Hancock county presented the name of William Hough. Rousing demonstrations greeted the presentation of the various candidates.

Henry county placed in nomination George Barnard. Prior to the convention there was some doubt about Barnard being a candidate, although he had frequently been mentioned as a possible "dark horse."

Shelby county made a strong plea for Elmer Bassett. Shelby county's demonstration following the placing of Bassett's name before the convention was the greatest of any. A parade was started around the coliseum and the cheering for Bassett continued for several minutes.

W. W. Reller of Richmond placed the name of Byram R. Robbins of Wayne county and Frank C. Roberts nominated Robert L. Kelly, president of Earlham college. Wayne county was unable to agree on one candidate and permitted both names to be presented.

The result of the first ballot follows: Elliott, 18; Barnard, 21; Kelly, 20 5/6; Bassett, 21; Hough, 15; Robbins, 19 5/6; Lynch, 2.

The vote follows: Franklin—Hough, 1; Bassett, 1; Robbins, 1; Barnard, 1; Elliott, 3.

Fayette—Elliott, 12.

Henry—Kelly, 2; Barnard, 13; Lynch, 2.

Hancock—Hough, 11.

Shelby—Bassett, 16.

The "Boys" Were All Here Today

The "boys" were all here from all over the district last night and today confabbing about convention possibilities. It seemed like old times in the sixth district politics before the primary system of nomination came into vogue.

After hundreds of republicans debated the situation pro and con in the lobby of the Windsor hotel last night, it was "unanimously" decided about midnight that no one could be nominated until after the convention opened.

W. H. Blodgett, many years correspondent of the Indianapolis News, who knows from experience the kind of politics that the sixth district produces, arrived yesterday evening from Cambridge City where he witnessed the nomination of F. G. Gray. Although well along in years, Blodgett is just recovering from an attack of measles and does not feel the best in the world. Mrs. Blodgett is here with the correspondent.

The republican press of the district was well represented at the convention today as well as at the preliminaries last night. George E.

PROSPECTS FINE FOR "DARK HORSE"

Convention Situation Hopeless Mud-
dle at Noon With Little Chance
For Any Candidate

WAYNE COUNTY ALL SPLIT UP

Bassett, Hough and Elliot Supported by Solid Delegations but Had no Outside Support

There never was as much uncertainty about the result of a sixth district republican convention as there was at noon today just before the meeting convened in the coliseum.

It was still anybody's nomination with the odds strongly in favor of some "dark horse" who could command the support of the delegates who were not pledged to any candidate already in the race.

Rush county was about the only "neutral" delegation in the whole outfit. Prospects last night were that there would be so many candidates Rush county's fifteen votes would not go around.

Fayette and Shelby counties were the only ones making any concerted demonstration for their candidates. Shortly before ten o'clock today a string of enthusiastic boosters from Shelbyville, headed by a band, rolled into Rushville shouting for Elmer Bassett and wearing Bassett badges.

The strains of the Shelbyville band's music had hardly died away before the Connersville delegation, which "out-banded" Shelbyville in noise and numbers, came in whooping up for Richard Elliott. Fayette county's candidate. The Arlington band was employed by the local committee to provide music for the day.

Up until noon no indications were seen of Wayne county uniting on one candidate. There was a fight in every precinct convention and every delegate came down here instructed for some Wayne county man. The delegates for Byram C. Robbins were asserting last night that they would have a solid delegation, but they found out differently on the count of noses.

In a caucus last night, the Wayne county leaders discovered two delegates who were unalterably for Dr. Robert L. Kelly, president of Earlham college, an active candidate for several days. All prospects of winning these two delegates for Robbins disappeared when Dr. Kelly announced that he was in the race to stay until the finish.

To their consternation, the Robbins men in the Wayne county delegation last night suddenly discovered that there were four delegates for Walter Bossert of Liberty, the district chairman. It then became known that Bossert's brother-in-law, Dr. Squires of Liberty, had been quietly working in western Wayne county and had lined up four delegates while the other fellows were not watching.

The Wayne county Robbins men were reported to have asked Lew Bowman, the county chairman, to use his influence to line up those opposed to Robbins, but he refused, which started a story that there was a movement on foot to throw the support of the Wayne county delegation to Bowman. This Mr. Bowman is said to have denied.

With the Wayne county delegation hopelessly split, the chances were slim for a Wayne county man to

Hope of Allied Victory This Year Has Gone, Government Officials Frankly Admit

RUSSIAN UPHEAVAL A JOLT There is Feeling of Relief That America is Permitted to Face The Cold Facts

By J. P. YODER
(Written for United Press.)

Washington, June 8.—Hope of an allied victory in 1917 has gone, according to best informed government officials. The frank admission was made today that American plans are being made upon the probability of at least three years of war. The admission of the foremost British military critics made within the last few days that the entire plans of the allied offensive have been completely upset by the Russian upheaval, has given Washington a jolt. In some quarters it has developed the most intense pessimism.

In others, especially among some members of the council of national defense, there is a feeling of relief that the faction has given way to frankness and that the American nation has at last been permitted to face the fact that the success or failure of the allied cause is squarely up to the United States.

Russia is out of the military plans for a year at least, more probably for good.

France has reached the high point of her efficiency and can be counted to do nothing more than hold her own. England is still on the up-grade from a military viewpoint but has almost reached her high point and economically is on the down grade.

Granting, as seems probable, that Germany is in an equally serious position, neither side has the strength to deliver a knock-out. In the opinion of British and French military experts the final blow to bring victory must come from America—if it comes at all.

RED CROSS "TAGS" VISITORS HERE TODAY

Expects to Realize Large Sum of Money to Advance Work—County Best Organized in State

LEARNS FACT AT CONFERENCE

Taking advantage of the crowd which was here for the republican district convention today, the Red Cross held a tag day and expected to realize a large sum for the Rush County chapter's work. Girls were on the streets early and tagged everybody in sight until they were driven to cover by rain. The tags said: "I Have Helped the Red Cross. Have you?"

E. B. Thomas, chairman of the local chapter, who attended a conference of Red Cross chairmen and other workers from all over the state in Indianapolis yesterday afternoon at four o'clock, found, much to his delight, that Rush county was better organized than any other county in the state. It was stated that though this was the case, the Rush county chapter could not a-hate one bit its efforts to continue and enlarge the organization in the county. Meetings will be held next week at Gowdy and New Salem and probably at Plum Creek.

Yesterday evening Mr. Thomas attended a conference regarding the Red Cross war relief campaign to be conducted the week of June 18-25. The conference was held at the home of Eli Lilly.

AUSTRIANS OFFERS A SEPARATE PEACE

Report Reaches Petrograd Delegation Urges Conference With Workers and Soldiers.

THEIR ARREST IS ORDERED

(By United Press.)

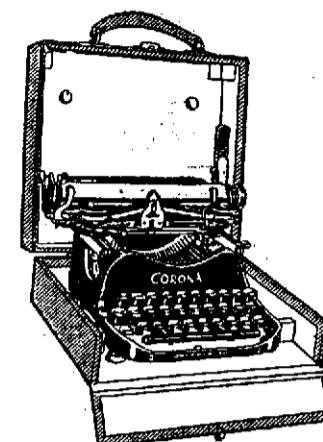

Petrograd, June 8.—Formal proposal for a separate peace has been submitted by the Austrian general, Rohr. He authorized a delegation from each Austrian position on the front to enter the Russian lines and propose such a compact, it was reported here today.

Simultaneously news was received of a delegation of Austrians, including two generals, urging conference with the workmen's and soldiers' council. They were accompanied by a delegation of Russian soldiers. Orders were issued for their arrest.

WARNING ABOUT WATER HEMLOCK

Agriculture Department Calls Attention to the Danger of This Poisonous Plant

IT IS WIDELY DISTRIBUTED

Resembles Number of Harmless Plants and Is Not Easily Distinguished From Them

Washington, D. C., June 8.—Many deaths, both of human beings and domestic animals, are caused every year by cicuta, or water hemlock, a poisonous plant. It is the most violently poisonous of temperate region plants, yet it is not generally recognized. Learn to know it and look out for it. A warning has just been issued by specialists of the U. S. Department of Agriculture in the form of a circular from the Bureau of Animal Industry, "Cicuta (Water Hemlock) as a Poisonous Plant," which describes this plant and gives remedies, though cases among domestic animals must be considered as practically hopeless so far as treatment is concerned.

Cicuta is widely distributed. Unfortunately, it resembles a number of harmless plants and is not easily recognizable. It belongs to the same family as carrots and parsnips. It has a number of popular names, of which the most common is "cowbane," or "water hemlock." In the mountain regions of the West it is frequently called "parsnip" or "wild

A Few Timely Hints for Home Gardner to Follow

Department of Agriculture Horticulturists Outline Principles For Making a Success of the Home Vegetable Patch.

XXVIII. STILL TIME TO PLANT CERTAIN VEGETABLES IN THIS SECTION

There is still time in this section (marked Zone C on the Department's zone planting map for vegetables) to grow vegetables, say specialists of the U. S. Department of Agriculture, but no time should be lost. If you have not already done so, plow your garden at once and get the crops in at the earliest possible moment.

It is too late to make successive plantings of peas, but it is worth while to chance one planting yet. If space is limited select the crops the members of your family like best. Grow as many things as possible for winter use. Such vegetables as potatoes, sweet potatoes, onions, cabbage, carrots, and beets may be kept in their natural state for winter use, and should be included, therefore, in the garden.

There is yet time to grow any of

parsnip." Other names, less common, are "snakeroot," "snakeweed," "beaver poison," "muskrat weed," "spotted hemlock," and "spotted parsley."

The plant grows in wet places and is especially common in some parts of the West along irrigating ditches. It has a thickened rootstock with roots which sometimes take the form of a group of tubers. The cicuta is most readily distinguished from plants of similar appearance growing under the same conditions by the transverse chambers in the rootstock. These can be seen by making a longitudinal section. Further description, except by botanical terms, is difficult, but the circular mentioned presents illustrations that make recognition easier.

Only the root of cicuta is poisonous. Cases of poisoning are more frequent in the spring, partly because the roots are more likely to be noticed at that time and partly because they appear to be more poisonous than later in the season. Occasionally stock find the roots when they are washed out by high water in small streams. Farmers in their plowing sometimes bring to the surface a considerable number of roots, and these are eaten by cattle, with resulting sickness and death.

In cases of the poisoning of human beings the recognized treatment is to give an efficient emetic, followed by a cathartic. Some form of opium may be given to control the convulsions when they are violent. If free vomiting is promptly produced, the patient is likely to recover.

SHIRLEY MINISTER NAMED FOR CONGRESS

The Rev. Omer Hufford of Shirley is Nominated as Prohibition Candidate at Newcastle

IS FORMER RUSH COUNTY MAN

The Rev. Omer Hufford, a former Rush county man, who is pastor of the Christian church at Shirley, was nominated as a candidate for congress on the prohibition ticket at Newcastle yesterday. The Rev. Mr. Hufford is a brother of Elmer and Robert Hufford, living a short distance south of the city. He gained wide reputation over this part of the state for his part in helping clean up Shirley. The Rev. Mr. Hufford was slugged on one occasion during the campaign and badly hurt.

The nomination of the Shirley minister was made unanimous when the Rev. H. D. Hawkins of Carthage, who had been nominated, withdrew in favor of his opponent. The nominee made a brief speech and was roundly cheered. J. Raymond Schmidt, the state chairman of the party, was present and made a short talk.

Dr. Lord of Mays, who attended the convention, said this morning that an automobile tour of the district would be made, plans for which would be announced shortly.

WATCH YOUR STOMACH

IF FOOD SOURS, BOWELS CLOG, STOMACH HURTS, HEAD-ACHES, BREATH BAD, HEART PALPILATES, TAKE PEPSINCO. YOU NEED IT. IT WILL HELP YOU.

Thousands upon thousands of persons are taking Pepsinco and are having perfect health. Many of them suffered with indigestion, sick headache, sour stomach, dyspepsia, palpitation and other stomach disorders. They are all well today. They took Pepsinco because it helped others; because it is highly recommended.

So many ordinary ills are closely allied to stomach faults that it is safe to apply the definition of indigestion to practically every internal complaint. If you have trouble with your food—if gas follows eating, if belching distresses you, if flatulency produces heart palpitation or heartburn—then Pepsinco is the preparation for you to take, for it offers the relief decidedly the quickest and best.

You try it out. Take a dose of Pepsinco. You'll find we are right. You'll feel better after the first dose. Its prompt action will bring you around to normal health quickly and safely.

Pepsinco will tone up the stomach nerves; it will brace you up and make you feel like a new person. It will permit you to eat and enjoy what you eat. No distress follows a meal if you take Pepsinco. Ask your druggist today, for a small package of Pepsinco and your stomach worries will be over. It is inexpensive. It is a friend worth while. Don't delay. Get it now—today—and prevent a chronic condition that is bound to follow neglect of the stomach. Send us a sample if you will mail your name and address. The Neuro Chiropractic Department, Waggoner

DID YOU EVER SEE A CAT STRIKE?

Sleepy old cat lying by a rat hole. Lazy, half asleep—then, biff!

Say, if you could strike as quick and hard as that you could make Jess Willard look sick! Why don't you let your tired body muscles sleep until the right moment—and then—biff! It's all in being able to relax.

One of the greatest aids ever given to man for soothing tired muscles, overworked muscles, is Speedway Liniment. It goes right in through the skin and relieves those sore, overworked ligaments, it's soothing—restful—and wonderfully uplifting. Trouble with most people is that there are too many little biffs, little throbs, little aches that we don't take care of and soon the muscles lose their pep and comeback. Try Speedway Liniment. Put it on full strength with a good, brisk rub. It does not blister—nor stain—nor injure the most delicate fabric. Pleasant to use as toilet water. Relieves neuralgia, rheumatism, sprains, bruises, soreness anywhere. In 25c, 50c and \$1.00 sizes at Hargrove & Mullin and F. B. Johnson & Co. Just try it.—(Adv.)

AVIATORS ARRIVE FOR ACTIVE SERVICE

American Airmen Reach French Soil to Hunt Submarines and Perform Other Duties

(By United Press)

Washington, June 8.—One hundred navy aviators to aid in hunting submarines and in other active duties, have arrived safely in France, according to official announcement today.

These are the first officers and men of the regular fighting forces to actually arrive in France. While most of the men are trained aviators, additional training under war conditions will be given them in France.

PERSHING AND HIS STAFF IN ENGLAND

Commander of First American Expeditionary Force Expects to Play Part in War Soon

FORMAL WELCOME EXTENDED

Voyage From America is Uneventful One—Destroyers Convoy Vessel All The Way

By FRANK GETTY
(U. S. Staff Correspondent.)

A British Port, June 8.—Major General John J. Pershing, commander of the first American expeditionary force to France, arrived in England today, accompanied by his staff.

"We expect soon to be playing our part—and I hope it will be a very large part—on the western front," said Pershing.

Pershing and his staff worked hard all the way across preparing plans for their work in France.

Included in the Pershing party were engineers and nurses. Distinguished British army and navy officers met them here and extended formal welcome.

The voyage from America was an uneventful one. American destroyers convoyed the ship all the way. They were joined by a flotilla of British destroyers one hundred miles off the Irish coast.

198 MEN ON STAFF

(By United Press.)

Washington, June 8.—General Pershing's staff, reported to have reached England today, consisted of 198 men, fifty-three of whom were army officers. Pershing will probably consult with British officials for a time before leaving for France.

RECOMMENDS ARMY AND NAVY ADVANCES

President Wilson Nominates Col. E. F. Glenn at Ft. Harrison to be Brigadier-General.

NEWCASTLE MAN IN THE LIST

(By United Press.)

Washington, June 8.—The long expected army and navy promotions to supply officers for America's increasing fighting forces were recommended by President Wilson to the senate today.

The president nominated Col. Edwin F. Glenn, commander of the officers reserve training camp at Fort Benjamin Harrison for promotion to brigadier-general.

Among seventeen other colonels made brigadier-generals was Omer Bundy of Newcastle, Ind. He is now adjutant-general of the southern department stationed at Ft. Sam Houston, Texas. He will probably go to France with the expeditors.

This big loan to Uncle Sam will fail if we ordinary folks do not put it over. You can get a bond for a little as \$50. You can pay for it in weekly installments. Any state or national bank in your town will help you buy it, and charge nothing for the help.

This loan must go over big or every kaiserite will chuckle with glee, the Americans will get and deserve the name of "slackers."

We wage earners and folks with small incomes must put it over, and we must do it now. Every day's delay handicaps the nation, so go to it. Be a full partner of Uncle Sam in the biggest job he ever undertook.

It Pays in War Time Too

If there were any "doubting Thomases" on the subject of newspaper advertising in Chicago up until a few weeks ago, they have all been killed off. As a result getter, it was put to a test in Chicago recently in a Red Cross campaign for new members and just doubled what it was expected to do.

William H. Rankin, president of the William H. Rankin company, advertising agency, who was chosen general chairman of the campaign, told the wonderful story at the annual convention of the Associated Advertising Clubs of the World at St. Louis this week.

Thirty-five full pages of newspaper space were used to help secure Red Cross memberships. The goal—150,000 members in thirty days. The result—through advertising, over 300,000 members, and the returns not yet all in.

Chicago was the first city in this country to have 17,000 members of the Red Cross. The initial try-out campaign to set the pace for other large cities was conducted just one year ago. It was a big success.

Other cities patterned their campaigns after Chicago's initial try-out and the results were gratifying.

President Wilson, who is also President of the Red Cross, decided that instead of 300,000 the Red Cross should have a million members. Chicago was again selected as a test to set the pace for the rest of the country.

Backed by the Association of Commerce, a Citizens Committee of 325 members. The Women's Club, the Advertising Club of Chicago, the western Advertising Agencies Association, the Clergymen of Chicago, the Executive Committee of the Chicago Chapter of the Red Cross—Messrs. James Simpson of Marshall Field & Co., A. A. Sprague II, Marquis Eaton, Chairman of the Chicago Chapter of the Red Cross, and ably assisted in the handling of the campaign by Walter D. Moody, Campaign Manager and Charles H. Wacker, Chairman of the Citizens

Committee—and thirty-five full pages in the Chicago Newspapers—the result was 81,000 in nine days, 150,000 in two weeks, 200,000 in 21 days and over 300,000 members (more than the rest of the United States, January 1st) for the Chicago Chapter of the Red Cross.

All the country is now looking upon Chicago as the World's Greatest Red Cross City.

Representative Rogers believes that the American people will not consent for a moment that a penalty shall be inflicted under such circumstances.

It strikes us some medium could win undying fame by calling up the shade of Dr. Tanner and getting his recipe for fasting.

Thanks, Carranza, for a few days of respite. Even the strutting of a peacock becomes tiresome in time.

Yes, we killed six million flies at one swat today. Go thou and do likewise.

Shelbyville City officials state that the city will no longer permit loafers and gangs to hang around the street corners.

People who have been tormented for years—yes, even so crippled that they were unable to help themselves—have been brought back to robust health through the mighty power of Rheuma. Rheuma acts with speed; it brings in a few days the relief you have prayed for. It antagonizes the poisons that cause agony and pain in the joints and muscles, and quickly the torturing soreness completely disappears.

It is a harmless remedy, but sure and certain, because it is one discovery that has forced rheumatism and sciatica to yield and disappear.

If you want relief, swift, gratifying relief, get a 50-cent bottle of Rheuma from any druggist, and take one-half teaspoonful once a day.

Genuine Rheuma, with guarantee of a cure or money refunded, is sold by

Reports of Tennis Star's Return to Form Indicates He May go After Championship

MAY NOT AGREE WITH HIM

Seems Impossible to Most of Them
That he Can be as Good as
Formerly

By H. C. HAMILTON
(U. P. Staff Correspondent.)

New York, June 7.—From the Pacific Coast comes the news that Maurice McLaughlin, the red-headed comet of tennis, is on his way back to new fame. Picking out a doubles contest in which McLaughlin, with some help from Willis Davis, downed William M. Johnston and Wallace Strachan, the coast fans have been praising the former unbeatable champion until their throats ache.

Reports of Mac's return to form must be taken with something of a grain of salt. His feat in winning almost single handed, the doubles match spoken of doesn't mean an awful lot. He virtually performed the same thing a year ago at Forest Hills here, but failed when he started against the stars in the singles contest.

McLaughlin was so good, in the best days of his career and is so different now that a comparison between the two is something almost impossible. When a fan sees Mac streak along for a short time with his fierce drives and speedy return shots from unbelievable angles he immediately loses all control of his emotion and pronounces McLaughlin on the way back.

There isn't a tennis fan in the United States who wouldn't like to see McLaughlin's sorrel tresses again adorned with the national crown. There never was a more popular athlete in any branch of sport than the red-headed tennis streak. But to say that McLaughlin has reached the heights he once attained probably is overdoing it. It is hard to believe he has accomplished what he failed in doing a year ago after making such a brilliant showing in doubles play.

Vagrancy laws should be enforced rigorously in Indiana during the continuance of the war, both for the sake of correctly applying food and human energy and for discouraging the practice when the war is over.

June 10-16 is Marine Corps week. The Commandant, General George Barnett hopes during the week to secure 4,000 recruits, which will bring this branch of the service up to its full quota; for immediate active service. The Marine Corps are the fighting soldiers of the navy and they hold a proud place in the country's history. Indiana is expected to furnish her proportion as she did her army recruits, among the first of the states.

Mrs. Will Wolf, 1021 N. Oliver St., Rushville, says: "I was having quite a bit of trouble with my kidneys. My back was weak and ached all the time. The kidney secretions were too frequent in passage and I had headaches and dizzy spells. As others of my family had used Doan's Kidney Pills with good success, I got some at Pitman & Wilson's Drug Store.

After finishing a few boxes, I was cured and I haven't had any trouble since."

WANTS AGAINST IDEA OF DRAFT

Council of Defense Says Where There is Liability to Service, No Distinction is Possible

SELECTIVE DRAFT JUSTICE

State Council of California Issues Warning to the Itinerant Beggar—He Must Work

Indianapolis, June 8.—Chairman Will H. Hays, of the State Council of Defense said today.

"We must get away from the impression which obtains in a few places in this country, that the selective conscription implies a none too honorable 'draft,' such as obtained during the closing days of the civil war. Where the liability to service is universal, there can be no such distinction. Rather let us make it clear that with this selective draft we have laid the foundation of everlasting justice and righteous equality in the obligation of citizenship. 'In everything let us preach patriotism. What we need in this country is a new baptism of old time patriotism and we will have it.'

In further conserving the resources of the state, the State Council of Defense for California has issued a manifesto against the itinerant beggar. Declaring there is plenty of work for every able-bodied citizen of the state, the California Council says further:

"Housewives and every loyal American citizen can give innumerable aid in eliminating this class of chronic, idling loafer, by using keen, relentless judgment and decision in giving food or alms. Every applicant for food or alms should be required to give an honest return in work for what he receives. In almost every case where a man professes to be unable to secure work, he can readily find out where work is obtained by application to the police or city marshal or public officials.

If cases where food is given in return for work, discretion also should be used in order to prevent a condition where ordinarily willing workers might be encouraged to live in semi-idleness."

Vagrancy laws should be enforced rigorously in Indiana during the continuance of the war, both for the sake of correctly applying food and human energy and for discouraging

the practice when the war is over.

June 10-16 is Marine Corps week. The Commandant, General George Barnett hopes during the week to secure 4,000 recruits, which will bring this branch of the service up to its full quota; for immediate active service. The Marine Corps are the fighting soldiers of the navy and they hold a proud place in the country's history. The trip will be made over the Trans-Siberian railway.

LIQUOR LAW IS NOW ENFORCED

Saloon Men in Indianapolis Are Apparently Not Seeking Trouble With Government

STAND MEN WERE HARD HIT

Col. Glenn Determined There Shall Be No Intoxicating Liquors At Fort

Ft. Benjamin Harrison, Ind., June 8—If there is any one order enforced more strictly than another at the officers' reserve training camp here it is the rule issued by Col. E. F. Glenn, commander of the camp, at the opening of the course prohibiting the use of intoxicating liquor on the reservation.

For a few days after the camp opened, there were some men who conducted stands outside the reservation grounds who tried to dispose of intoxicating beverages to the soldiers. But they merely killed their own game for Col. Glenn issued instructions that no man in training should patronize the stands and placed guards around the booths to see this order was enforced. Thus those operating the stands learned there was a difference between military rule and civilian law.

Saloonkeepers in Indianapolis were careless about the sale of liquor to men in uniform the first week. During their leave of absence to Indianapolis, the men could frequent cafes and bar rooms without restriction. Not many of them did, but, as far as the attitude of the saloon keepers was concerned, they could.

Military law again took a hand, L. Ert Slack, United States District attorney, following conferences with officers in charge at Ft. Harrison, issued a statement declaring any saloonkeepers who sold intoxicating liquor to a man in uniform, would be punished to the full extent of the law recently passed by congress for bidding such practice.

Now there are signs over every bar reading,

"If you wear a uniform, don't ask for intoxicating liquor. You will be refused."

As a result when half holidays are declared at the fort, and the men are allowed to go to Indianapolis, although there are about 5,000 men wearing uniforms in the city, not one can be found in a saloon—unless he happens to go with a party of civilian friends. And then a soldier orders a "soft" drink.

London, June 8—Two more famous British golfers have made their sacrifices for the Allied cause. David Watt, holder of the Scottish professional championship, died in a London hospital following the amputation of a leg, which was shattered by shrapnel at Vimy Ridge. Frank Carr, the English amateur internationalist, is reported missing.

As an automobile purchaser you are interested in just six things: Appearance, Reputation, Durability, Performance, Service, Price.

APPEARANCE
The Oldsmobile Eight is as neat and trim as a deer. It is distinctive in every line; it attracts attention everywhere. Its 17-coat luster finish, beautiful trim and luxurious upholstery make it a car you will be proud to own.

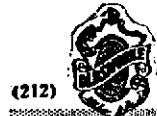

REPUTATION
The name "Oldsmobile" in itself is a guarantee. The car is built by a factory organization of trained men, many of whom have spent years in Oldsmobile service, who have a knowledge only of the construction of a high-grade car. By reason of increased production and the elimination of well known extravagances, over one hundred high-grade automobiles are erected under the same rigid standards and inspection which have always been associated with the name "Oldsmobile." Where else, indeed, would one look for a car enjoying the continuous favorable reputation accorded the Oldsmobile?

SERVICE
A twelve months' guarantee is back of each Oldsmobile. Service stations will be found in all cities. The accessibility of the eight-cylinder motor enables quick access to working parts and at a minimum expense. Likewise all mechanical units are readily get-able.

PRICE
Not several thousands or some other prohibitive amount is demanded for most cars of its quality class, but simply \$1567.00 f. o. b. Lansing.

CONSCRIPTION TO BE THE NEXT STEP

Because of Uncertainty About Steps to be Taken, Whatever is Said is Naturally Speculative

HOW MANY WILL ENTER ARMY?

Estimated Two-Thirds of Those Registered Will be Exempted For One Reason or the Other

The next step in connection with the war preparations, now that the military registration in Rush county has been completed, will be the choosing from the 1,460 men eligible a sufficient number to fill whatever quota the government decides this county must furnish.

The registration board has received numerous queries as to when the conscription is to take place, where it will take place, and how it will be operated. It is impossible at this time to give definite answer to these questions, as the government has not yet announced the rules to govern conscription.

With this uncertain condition regarding the action of the government, anything said regarding the conscription law is necessarily speculative. How many of the 1,460 men registered in this county will have to enter the army service is merely guess work. It has been estimated that two-thirds of those registered will be exempted for one cause or another. All who are physically defective will be eliminated, of course, and there will be many eliminations because of dependents. It is thought that "conscientious objectors" will be left out and it is generally believed many of those engaged in agricultural pursuits will be excused. In this county the number of "conscientious objectors" is very small.

Definite announcement for the war department regarding the draft is expected soon. Out of the 10,000,000 men to register now fewer than 1,500,000 and possibly as many as 2,000,000 men will be chosen under the selective draft as the next greatest step towards the formation of the army.

It is generally understood that the first application of the selective draft will be made during the month of July and presumably early during the month. Local influences in the drawing for service will be eliminated as far as possible. The object in drawing as many as 2,000,000 men will be to make provision for exemptions. The government has a fair idea as to what percentage of

"TIZ" FOR SORE, TIRED FEET—AH

"Tiz" is grand for aching, swollen tender, calloused feet or corns.

Ah! what relief. No more tired feet; no more burning feet; no more swollen aching, tender, sweaty feet. No more soreness in corns, callouses, bunions.

No matter what ails your feet or what under the sun you've tried without getting relief, just use "Tiz." "Tiz" is the only remedy that draws out all the poisonous exudations which puff up the feet.

"Tiz" cures your foot trouble so you'll never limp or draw up your face in pain. Your shoes won't seem tight and your feet will never, never hurt or get sore and swollen. Think of it, no more foot misery, no more agony from corns, callouses or bunions.

Get a 25-cent box at any drug store or department store and get instant relief. Wear smaller shoes. Just once try "Tiz." Get a whole year's foot comfort for only 25 cents. Think of it.

RUSH CASTS FOUR VOTES FOR JOHNSON

Only Ones Received by Wayne County Man in Democratic Convention From Local Delegation

HOT SOLID FOR FINLY GRAY

Federmann of Brookville and Bertsch of Cambridge City Get One Each and Gray Seven

The four votes that Henry U. Johnson of Richmond received yesterday at the democratic district convention in Cambridge City were cast by the Rush county delegation. The local delegation gave Finly Gray, the nominee, seven votes; Federmann, 1 and Bertsch 1.

The six votes cast against Gray reflect the sentiment in the county against Gray. It was a known fact that before the first ballot was taken that Gray would receive the nomination and some members of the local delegation declared many times before the convention convened that they would never vote for Gray.

The effort to stampede the convention for Johnson failed after he made a statement thanking the delegates for the consideration and declaring he did not want the nomination. Following Johnson's address as permanent chairman, the convention took up the call for Johnson. After each name was placed in nomination the calls for Johnson continued, and it was then that he made the statement declining to accept the nomination. It is believed he would have been nominated had he said the word.

For a time it was doubtful if Gray would receive the support of a majority of the Rush county delegation but after the preliminaries the seven delegates showed they were for Gray first last and all the time.

Johnson in his address to the convention made several statements that local democrats thought peculiar in the face of the selection of Gray as the nominee. Johnson declared that the nominee should be a man strong for preparedness and a man who would stand by the president in every way.

These statements are heard to reconcile with Gray, it is pointed out since he voted against conscription and has been one of the most ardent pacifists in congress.

The resolutions as introduced by M. P. Hubbard, Brookville, chairman of the committee, and adopted by the convention, mourn the death of D. W. Comstock and express regret of the loss to the state, nation and district.

The resolutions then reaffirm the republican belief in the protective tariff, and urged the passage of a protective tariff bill as a need of the country following the war. Owen L. Carr was the Rush county member of the committee.

Miss Betsy Edwards of Shelbyville, chairman of the Sixth district Woman's Franchise league, appeared before the resolution committee in an effort to have a suffrage plank inserted in the platform. No separate plank was inserted. This was not considered necessary as the resolutions reaffirmed the republican belief on this question.

men will be exempted by reason of physical disabilities, and it is able to make a rough estimate of the number who will be exempted by reason of dependent relatives.

PROSPECTS WERE FINE FOR A "DARK HORSE"

Continued from Page 1

ing nominated though there were many delegates who clung to the priority claim of Wayne county because the late Congressman Comstock was a Wayne county man and served only six weeks of his term of two years. But no one outside of Wayne county felt duty bound to support a Wayne county man since the delegation itself was not agreed on any man.

The Fayette county delegation was reported solid for Elliott and there wasn't much doubt but that Elmer Bassett would receive the solid vote of his delegation. Will Hough had a solid delegation bearing him from Hancock county.

until the time of the opening of the convention. It was common report that P. J. Lynch, four years ago the republican candidate and two years ago defeated for the nomination, would seek the nomination when the roll call of counties was made. It was said that if Lynch came out, George Barnard, also would make the race. This would split another delegation. The Barnard men were claiming the Henry county delegation. It was said Lynch had made no concerted effort to line up delegates. It was also reported there was a delegate from Knightstown in the Henry county delegation who would support Dr. Kelly of Richmond as long as he remained in the race.

There was little doubt but that Union county would support Bossert to a man if he were put before the convention as a candidate.

Would Like to Have Volunteers to Copy Registration Cards

The county conscription board is short of help and could use a few girls who are willing to devote a little time for a patriotic cause. The 1,460 registration cards all have to be copied in duplicate and this is the work for which Clerk Moore is asking for help. As the registration board is responsible for the cards the clerk would rather they not be taken from the office and if anyone desires to help copy the cards they are asked to come to the clerk's office where room will be provided.
